Build a model car from a pinewood kit, which includes the 7" x 1.5" block of pinewood for the body, wheels, and axles. From there you can shape and sandpaper it into a sleek running machine. Then paint it, race it, and win with it! Rules and kits will be handed out in December at the Service Unit Volunteer Dinner or arrange pickup/delivery.

All Girl Scouts Grades 4 to 12 Grades are eligible to participate. This can be an **individual or troop** event. Please note, this is not a drop off activity, either the parent or troop leader must stay.

The cars will be weighed in and left with Race Officials February 1st, between 5:15pm to 6:30pm at Galaxy Hobby, 19332 60th Ave W, Lynnwood, WA 98036.

Please bring a package of cookies to share, water will be provided to drink. As a service project please bring one item of non-perishable food per Girl Scout for the food Bank run by Edmonds United Methodist Church.
